

FEW's organization is three-tiered and consists of National, Regional, and Chapter levels. All three tiers work together to fulfill the goals of FEW's four major program areas.

Tier I

These are issues that directly impact women employed by the Federal government. Primary attention is directed to monitoring and affecting legislation in the following areas:

- Compensation
- Dependent Care
- Employee Benefits
- Equal Employment Opportunity
- Retirement/Pension
- Women in Military

Tier II

These are issues that affect federal employees regardless of their gender. These include:

- Contracting Out
- Federal Government Downsizing
- Hatch Act
- Safety and Health
- Substance Abuse

Tier III

FEW is bound in sisterhood with other women in all walks of life. Therefore, Tier III issues are those issues that impact all women as a class, including:

- Economic Empowerment
- Education
- Health Care
- Violence Against Women

**HIGH PLAINS CHAPTER
OF FEDERALLY
EMPLOYED WOMEN**

High Plains Chapter was established in 1992 as a gateway to the Rocky Mountain Region for FEW in the east Denver area. We are committed to providing members with answers to personal training issues in a setting that promotes the social interaction of professional women and men. Programs focus on a variety of topics such as developing workplace skills, goal setting, and developing life skills.

Major Focus Areas Of FEW

Compliance

FEW provides information, direction and support to members and others who wish to raise concerns associated with an Agency's Equal Employment or Affirmative Action policies.

Diversity

FEW has a structured approach to respond to the concerns of minority women, a mechanism for implementing change and a method for evaluating progress.

Legislative

FEW supports the premise that analysis of proposed legislation designed to eliminate discrimination against women employed in government should receive top priority.

Training

FEW has a continuing commitment to offer each member and prospective member a valuable career development and leadership training program through FEW meetings, seminars, conferences and training programs.

Federally Employed Women

Federally Employed Women (FEW) is a private, non-profit organization founded in 1968 after the issuance of Executive Order 11375 that added "sex" to the prohibited discriminations within the federal government. FEW works to end sex discrimination and towards the advancement of women in federal service by:

- ◆ Encouraging diversity and equality in the workplace
- ◆ Enhancing career opportunities
- ◆ Establishing and maintaining relationships with organizations to advocate the fair application of laws
- ◆ Improving the quality of life for women by influencing legislative actions
- ◆ Committing to maintain a unified and diverse membership
- ◆ Providing opportunities for professional growth

Membership is open to any person, upon payment of \$45 annual dues, who supports the mission and purpose of FEW. Members of FEW consist primarily of people employed or retired from the federal government, and active or retired government contractors. All members join through local chapters. Memberships are Regular, Honorary, or Lifetime.

Federally Employed Women (FEW) was founded in 1968 as a professional organization that works for the betterment of women in the federal government. The FEW headquarters is in Alexandria, VA.

FEW works toward ending sex discrimination and sexual harassment in government service, increasing job opportunities for women and minorities, and improving the merit system in government. In addition, it facilitates establishing and maintaining working relationships with Federal agencies to advocate the fair application of EEO and personnel laws, policies, practices, and procedures.

There has never been a more important time for women employed by the Federal government, and those who care about them, to voice their opinions on issues that affect them in the workplace. Join us for a chapter meeting or check out our website!!

AS AN ORGANIZATION, FEW IS COMMITTED TO PROVIDING HIGH CALIBER FINANCIAL, WELLNESS, AND CAREER TRAINING DESIGNED ESPECIALLY TO ADDRESS THE NEEDS OF ALL MEMBERS.
